NUMB. 35

THE South-Carolina Gazette.

Containing the freſheſt Advices Foreign and Domeſtick.

From Saturday, SEPTEMBER 21, to Saturday, SEPTEMBER 28. 1734.

LONDON, *July* 9.

IT is adviſed from Petersburgh, that the Czarina ſo much reſents the taking one of her Frigats by the French, that ſhe has reſolved to ſend ſome armed Frigates to cruize on the Coaſt of France, to take all the French Veſſels they meet with.

Concerning the late Battle in Italy 'tis adviſed, that the King of Sardinia was gone to Turin ſome days before the Action, as 'twas given out, to pay a Viſit to the Queen; but no ſooner was his Back turn'd, than 'twas pretended his Majeſty had left the Army on Account of a ſlight Miſunderſtanding ariſen between his Majeſty and the new Marſhals de Coigny and Broglio, who had often before propos'd coming to Blows: But the King being conſcious of having the moſt at Stake, always oppos'd any Motions that ſeem'd hazardous or attended with Risk.

Mr. Coigny, in his Letter to M. Dangervillers, Secretary at War, giving an Account of the ſaid late Action, makes theſe Remarks: That never happen'd a longer or more obſtinate Action in the Memory of Man, all in the Space of 150 Fathom of Ground, with a Fire like Hell on both Sides.

The Report of Prince Eugene's having defeated the French &c. is not confirmed; but Accounts from the Rhine, by an Holland Mail, adviſe, that the two Armies continued to cannonade each other with great Force; that the Imperialiſts advance their Approaches towards the French Retrenchments, and have got ready 200000 Faſcines for filling up the Ditch before them, and 6 Men per Company throughout the Army were ordered for that Work: Whence 'twas judged, Pr. Eugene's Deſign is to attack them ſuddenly.

According to our laſt Advices from Dantzick of the 3d Inſt. the Marquis de Monti was in the Muſcovites Camp, and civilly treated, though under a Guard The French Troops which came to the Relief of Dantzick, not having ſtipulated in their Capitulation what Port in the Baltick they were to be tranſported to by the Ruſſian Ships, the Admiral, it is ſaid, has ſent them to Petersburgh or Narva. After the Embarkation of thoſe Troops, the Garriſon of Fort Wechſelmunde revolted, and obliged the Governor to capitulate.

We hear, by Letters from Spain that great Preparations are making in all the Sea-Ports along the Mediterranean Coaſt, for a third Embarkation of Troops for Italy, which, 'tis ſaid, will conſiſt of 20000 Men.

Theſe Letters add, that his Catholick Majeſty had raiſed the Count de Montemar, now Prince of Bitonto, to the Dignity of Grandee of Spain of the firſt Claſs, on Account of his late Succeſs over the Imperialiſts.

On Wedneſday laſt the Truſtees for eſtabliſhing the Colony of Georgia in America exhibited their annual Account, ending the 9th of June laſt, to the Right Hon. Charles Lord Talbot, Baron of Henſol, Lord High Chancellor of Great Britain, and Sir John Jekyll Knt. Maſter of the Rolls, purſuant to the Directions of their Charter, who very much approv'd of the ſaid Truſtees Conduct, and expreſſed the great Service done to the Publick by ſo laudable an Undertaking: And the ſaid Truſtees Receipts for the ſaid Year amounted to the Sum of 11502 l. 19 s. 3 d. (whereof 100 l. was for a Legacy left them by the late Edward Adderley, Eſq;) and their Payments for the ſaid Year amounted to the Sum of 6863 l. 00 s. 10 d. and their whole Receipts from the Date of their Charter to the ſaid 9th of June amount to 15226 l. 12 s. 10 d. and their whole Payment to the ſame time amount to 9117 l. 18 s. 7 d. whereby the Ballance unapply'd and remaining in the Bank of England, on the ſaid 9th of June amounted to 6108 l. 14 s. 3 d.

Rome, June 12. The Spaniſh Men of War have lately taken near the Faro of Meſſina, after a bloody Engagement, the new Admiral Ship of Algiers, mounted with 54 Guns, and carrying 400 Men.

From the London Journal *July* 13.

Upper Rhine July 9. The French Troops on the other Side of the Rhine made a general Forage two Days ago from Spires to Frankenthal, and carried off all the Corn they found in the Boroughs and Villages, and ſent it to their Army before Philipsburgh. The French do not permit any Stranger to paſs the Rhine over their Bridges, which is one reaſon why we cannot give an exact Account of what paſſes at the Siege of Philipsburg.

Camp at Weinſenthal, *July* 9. As ſoon as the Prince Royal of Pruſſia arrived here, he made Prince Eugene a Viſit, who immediately repaid it. Our Approaches are carried on towards the Enemy's Entrenchments: We had yeſterday 13 Soldiers killed, and among them 4 Pruſſians. Our Batteries are continually playing upon the Enemy, who laſt Night made a Sally. The commander of Philipsburg has abandoned the Hornwork, and the French have planted Batteries in it, to make a Breach in the Crownwork, which they propoſe to ſtorm the 12th or 13th.

Berlin July 10. We have received Advice, that King Staniſlaus being retired from Dantzick in the Night between the 28th and 29th paſt, diſguiſed in the Habit of a Peaſant, had paſſed the Inundation in a Bark, and after having wandered and marched ſix Leagues on foot, he arrived ſafe the 3d Inſtant, in a Chariot at Marienwarden, where making himſelf known to a Pruſſian Officer, he was furniſhed with what he had need of.

Paris July 14. N. S. Our Advices from Philipsburgh of the 5th inſtant agree, that Prince Eugene had made Several Motions to endeavour to paſs the Rhine, but finding it every where well guarded, he returned the 4th, and drew much nearer to our Lines with his Army then he had been before. What is certain is, that his Army is as much fatigued by his Motions, as ours by the continual Rains. Our Horſe are not returned into the Lines, but are at hand to enter them upon the firſt command. It was currently reported there, that Prince Eugene deſigned to raiſe two Cavaliers, in order to cannonade our Lines; but they were in no Pain about this laſt Expedient. Mean while our Troops have erected a Battery of 20 Cannons and ſeveral Mortars upon the Hornwork, which fire without Intermiſſion upon the Crownwork

On the 12th inſtant, the *Te Deum* was ſung in the Church of *Notre Dame*, by way of Thankſgiving for the great Advantage gained in Italy by the King's Troops over thoſe of the Emperor. The Parliament aſſiſted at it in their Scarlet Gowns; as did alſo the other Superior Courts; and at Night we had Bonfires and other Illuminations in all the Streets.

On the 8th instant, some Soldiers were picked out of 10 Companies of French Guards that are here, and they began their March the next Morning for the Camp before Philipsburg, to supply the Place of the Grenadiers of that Regiment who were killed or wounded in the Taking of the Hornwork.

that have any Demands on the Estate of *James Lewis* late of *Charlestown* Perwig-maker deceased, to bring in their accounts to *Robert Scott* or *Hugh Evans* in *Charlestown*, that they may be adjusted. Likewise all Persons that are indebted to the said Estate, are desired to pay their respective Debts to the said *Robert Scott* or *Hugh Evans* on or before the 10th Day of *October* next, otherwise they will be sued for the same without further Notice.

Whereas *Wm. Yeomans* has in the *Gazette* Aug. the 17th *advertized, that* Tho. Holmes *his Apprentice (as he calls him) had authorized and impowred me to receive such Sum and Sums of Money as are contracted by him, much to his the said* Yeomans's *Detriment: And I then believing that the said* Yeomans *might be mis-informed or imposed upon, immediately answered the said Advertisement, by posting up at the usual places in* Charlestown, *but as the said Advertisement is still continued, am under an absolute Necessity of doing myself justice in the same Gazette. These are therefore to certifie, that the said Assertion of the said* Yeomans *is false, groundless and malicious. For I never had any order or orders, power or powers whatsoever, directly or indirectly from the said* Holmes *to receive any Sum or Sums of Money of any person or persons whatsoever, except the Sum of* Ten Pounds *Currency, about 4 or 5 Months ago, paid to me by Mr* Cook *of* Dorchester, *for the Use of the said* Holmes *and for which I have his Receipt. The said* Yeomans *likewise asserts, that the said* Holmes *traffick'd without his Assent, whereas it is well known and can be fully proved, that the said* Holmes *trad'd by his Knowledge and Consent, and even contracted settled Accounts, paid and received diverse large Sums of Money in his own Name in the way of Trade, before I arrived in this Province, which is not yet one Year.* Robert Shaw.

THE Reader of the above Advertisement will please to observe, that the Advertiser, by acknowledging the Receipt of *Ten Pounds* from Mr. *Cook*, for the use of my Apprentice and Ward *Thomas Holmes*, hath fairly proved, that *Tho Holmes* had impowered him to receive Money for him; which being a *Certificate* diametrically opposite to his other Certificate, *viz.* That my Assertion in the Gaz. of *Aug* 17 was false, groundless and malicious, the Reader will readily determine, what Credit can be given in any particular, to a person who is capable of asserting such gross Contradictions.

The Advertizer is, or pretends to be a Lawyer, and without Doubt knew that the Infant's Receipt was not a sufficient Discharge for the *Ten Pounds*, which he acknowledges to have received, but hath not said, he paid to the said Infant; wherefore after my Acknowledgment for his Information in this case, I shall take the Liberty of informing him as frankly, that I shall take a proper Opportunity of demanding that Money from him in the most effectual manner. Whether my Apprentice traffick'd with or without my Assent, the Reader will without doubt think, that was a matter very foreign to the Advertiser's character, till his being so officious in an Affair that concern'd him so little, had induc'd all fair and reasonable People to conclude him a very forward meddling person. *Wm. Yeomans.*

For CAPE FAIR directly

THE Brigantine JOHN, *Samuel Parsons* Master will sail in few Days; For Freight or Passage agree with the said Master, or with WILLIAM CATTEL jun. Merchant in *Charlestown*.

Whereas it hath been industriously

reported That James Hasell Esq; late of the Island of Barbadoes, is gone out of, or from this Province, These are to assure those Gentlemen who are the Authors of such report, That they have been very much mis-inform'd, That Gent. being *now* to my certain Knowledge in this Province not twenty-five Miles from *Charlestown*; and if they remain still Infidels they may be convinced of the truth of what I assert by ocular Demonstration. CHARLES PINCKNEY.

And in May last swore in open Court to the truth of his said Return, on which the Gentleman concern'd in the Prosecution of the said Action went on, and obtained Judgment against the said Toomer, *and had his Costs taxed to* 40 odd l. *which the said* Toomer *is obliged to pay, notwithstanding his having before paid the Debt and Costs to the said* Neale, *because he the said* Neale *had no Authority to receive it: And on these matters being disclosed to me, I have got a Prosecution commenced against the said* Neale *for such notorious Villany, who is now a Prisoner in the Common Goal in Charlestown, in order for his Trial at the next General Sessions.*
